A few weeks ago, ANDIA made the initial payment of its membership according to the number of its members.

This is excellent news that enables our organization to regain an active presence in Italy.

I take the opportunity to point out or remind you of my presence, whether at the Liaison Forum of the European Sector (European Commission), or at the European Economic & Social Committee, the Confédération Européenne des Cadres – CEC European Managers-, and of course, the daily actions in the creation of European Works Councils, or the building of European agreements.

We shall organize a General Assembly and a Steering Committee of our organization in the coming months: The purpose will be to discuss the common or specific issues of our organizations, as well as the activities and actions of the Confédération Européenne des Cadres – CEC European Managers- and the Confédération Internationale des Cadres (CIC).

Thank you for your trust, especially from ANDIA and M. Paolo AICARDI, which we welcome in our organization.
